

Puspita Shrestha

Results-driven IT professional with 7 years of experience in managing enterprise storage and backup infrastructure. Skilled in storage administration, storage systems management, and storage infrastructure management. Proven track record in delivering high-availability solutions across NetApp, Dell, Pure, and HP storage platforms. Proficient in designing scalable storage architecture and enforcing storage security measures to safeguard enterprise data. Adept at RCA, escalation handling, SLA adherence via ServiceNow (SNOW), and collaboration with clients and vendors in dynamic environments.

EXPERIENCE

Associate Storage Administrator *Cognizant | Jul 2022 – Present*

- Administrator NetApp Ontap, E-series, Dell Isilon, Unity and Brocade switches under Hybrid Smart Ops.
- Performed configuration changes, installation, upgrades, LUN provisioning, capacity checks, and decommissioning.
- Delivered project-specific storage solutions and documentation.
- Handle DR planning, ticket resolution, and RCA analysis.
- Collaborate with project and vendor teams, document SOPs and process flows.

Technical Support Engineer *Sutherland Global Services | Feb 2021 – Jul 2022*

- Supported NetApp ONTAP SAN, E-Series and Brocade switches
- Resolved incidents/tickets, performed remote troubleshooting of hardware/software issues and performed RCA.
- Identify and resolve complex issues on a day-to-day basis.
- Managed client communication and ensured SLA adherence.

Technical Support Engineer *Wipro Technologies | Jun 2018 – Jan 2021*

- Worked across two major projects: Dell EMC as a technical support engineer & ASSABLOY as a storage administrator.
- Resolved tickets performed remote troubleshooting of switch related issues within SLA targets using email/chat systems and performed RCA.
- Performed configuration changes, installation, upgrades, LUN provisioning, capacity and health checks of storage such as Dell Isilon, Symmetrix, Unity and Brocade & Cisco Switch.
